Dear Troop Leaders:

We at Fantastic Tours would like to take this opportunity to express our appreciation for the wonderful work you do with our young ladies in helping to mould them into our future leaders. We applaud your commitment and dedication as well as your inspirational leadership. It is our pleasure to continue our sponsorship of your worthy program that gives underprivileged girls the opportunities for free trips. Good luck to all of our friends in the Girl Scout community.

Sincerely,

TRIP AGREEMENT

FANTASTIC TOURS has worked closely with many Girl Scout Troops during the past 15 years. Most trips are wonderful outings, designed to offer Girl Scouts safe, reliable, educational and recreational tours at affordable group rates. We have selected vendors that have the proper insurance requirements and have very successfully serviced Scout Troops in the past.

Unfortunately, FANTASTIC TOURS cannot promise or protect you from elements out of our control, i.e.: human error, mechanical failure, traffic and/or Mother Nature. If your trip should be affected by any one or all of the above-mentioned elements, we would not be able to assume financial responsibility above the value of the item in question. If you feel compensation is warranted as a result of poor performance of one of the secured vendors, FANTASTIC TOURS will act as your agent in all negotiations with the vendor that you feel has unfairly serviced your group. We very much appreciate and value your patronage and promise to do everything to work with you to organize and facilitate a smooth, well-orchestrated trip.

Below are some helpful guidelines used in arranging all our outings. It would be a good idea to meet with your Girl Scouts and parents and/or guardians prior to the trip to discuss some of the following:

Convenient departure points are scheduled. Bus assignments are determined first by group size, then by location. If we are able to arrange a more convenient location once bus routing is completed (approx. 5 days prior to departure), we will notify you at that time. If we are able to fill a bus (42 paid participants) from your community, we will schedule the pick up location in your local area. There is an additional charge for groups east of Route 112.

Bus seating is on a first come, first served, basis. Each troop must sit together on the motor coach to ensure proper supervision. Seats are for the duration of the entire trip.

Please make sure to advise all parents and/or guardians of all cancellation fees listed on your contact.

If you are participating on a multi day outing, depending on the group size, it may be necessary for early/late meals eating & limited pool time.

Punctuality when returning to the bus from activities is essential in maintaining smooth facilitation of the itinerary as well as a courtesy to other passengers. Failure to comply with payment deadlines may result in canceled reservations. Religious services are the responsibility of the individual Troop. Taxi cabs are available for hire at all hotel properties.

MOST IMPORTANT: Individual tastes and preferences will not be easily accommodated. The itineraries are designed to offer Girl Scouts trips that are full and affordable to most communities. This sometimes leaves even the “most seasoned” leaders and parents tired. A friendly reminder that patience and cooperation are most important items to travel with.

I understand and agree with all the above mentioned and will discuss them with parents and/or guardians and Girl Scouts prior to departure.
